

Henry Thomas

Teacher
London, UK
Education

Education: Scholl

Summary

I have over 15 years of experience working in data science. Currently, I work as Asana's Senior Data Manager, improving products and services for our customers by using advanced analytics, standing up big-data analytical tools, creating and maintaining models, and onboarding compelling new data sets. Previously, I was Chief Data Scientist at Guru, where I analyzed data from some of the biggest enterprise companies in the world to educate the market on long-term internet trends. Competencies: data science, machine learning, cloud computing, Hadoop, Python/Java/R, network protocols

Educations

Scholl

IT
2004 - 2009
Degree Bachelor
Grade 10
